

R_04 & R_05 ROLLER BLINDS

Great views - perfect shading

With style and scale

Custom roller blinds for the home and office

Think big! With the new R_04 and R_05 roller blinds from MHZ, you now have even more creative freedom to bring your ideas to life. One single unit can provide shade on a panoramic window with a total surface area of up to 20 square metres. Both models speak the unmistakable MHZ design language and cleverly showcase modern architectural styles.

Calm and clarity for the eye

Roller blinds for cassette installation

Blind	NEO 2-1424
Hardware	R_04 cassette
Installation	Ceiling installation
Drive	Electric

The R_04 with cassette is the ideal roller blind for anyone who likes clean lines and an uncluttered look. The bracket is concealed behind the high-quality aluminium cassette. This is a shade full of timeless charm, which provides sophisticated functionality and makes a clear statement.

A functional aesthetic for every interior

Robust brackets with a slimline look

Despite their incredibly delicate appearance, the aluminium brackets on the R_05 offer maximum stability. They blend into a wide range of living spaces and provide reliable shading. The compensating device and roller blind tube level guarantee that the roller blind will hang flawlessly - even on protruding glass facades.

Fresh purism for windows

Cutting-edge roller blind hardware - perfectly concealed

Blind	JAROS 3-1198
Hardware	R_04
Installation	Shaft installation
Drive	Electric

Nothing to distract or disturb. The R_04 for shaft installation enhances interiors with a cool subtlety and a markedly minimalist look. This is a very inconspicuous type of installation that emphasises design-led interiors and gives living spaces a really exclusive feel.

For impressive views

Shading on an XXL scale

Blind	SOLTIS 92 *5-2529
Hardware	R_05 bracket
Installation	Ceiling installation
Drive	Electric

*PG5 + 25%

Experience high-quality privacy and sun protection on a large scale with the R_05 model, our specialist solution for windows with a surface area of up to 20 square metres and a maximum width of 6 metres. With its stylish vibe and extra-stable bracket construction, it is the perfect choice for contemporary room designs in apartment buildings, loft apartments and office blocks.
