DISCOVER STYLE

Stunningly versatile

The new styles

The MHZ panel blind collection will captivate you with wonderful colour palettes, sophisticated weave patterns, burnout fabrics and Shirley fabrics, as well as subtly iridescent Exclusive fabrics that come in various levels of transparency.

There's so much to discover! Whether you prefer graphical elements, patterns inspired by nature or well-balanced compositions of mono colours - with this on-trend fabric collection you can give your rooms their own unique style.

MHZ panel blinds are fantastic - the perfect interplay of fabric and hardware. They can form a crucial part of your home's room and window design when used as privacy protection, to provide shade or as an eye-catching element.

The sliding panels are ideal for floor-to-ceiling windows, for glazed frontages and for use as room partitions and, thanks to their minimalist aesthetic, will fit right in with any interior design scheme.

Wooden Styles

Minimalist and cosy

Incredibly cool, irresistibly natural - these fabrics bring the cosiness of textiles into your home. Casual sand tones and airy prints come together to create unique patterns with a nicely relaxed flair.

Muted colours, stimulating art: *ARTAK* really ups the well-being factor with its sweeping beige brush strokes.

Pure Essence

Elegant and understated

No other colour is as graceful as white. Making a clear, modern statement, Pure Essence is the perfect partner for the straight-lined design language of our panel blinds and will really make your room shine.

Remarkably different: *FACES* is a stunning black and white design of intricate silhouettes.

Greenery & Oceancy

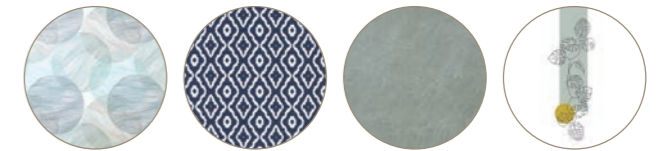

Harmonious and relaxed

Blue and green tones bring balance yet liven things up at the same time. Greenery & Oceancy interprets the colours of the sea in various ways - sometimes as geometric shapes, sometimes as playful patterns - and whisks you away to magical far-off lands.

An exciting game of contrasts: *TESSA* combines leaf line art with rectangular and circular elements.
