Textiles by MHZ

The "Textiles by MHZ" collection offers you a broad selection of high-quality fabrics for Roman blinds, curtains and panel blinds. Special acoustic, bioactive, recycled and lining fabrics make it possible to meet even special requirements in an effective and aesthetically pleasing manner.

Various transparency levels - from light and airy fabrics to dark dimout/black-out fabrics - ensure the desired privacy and sun protection while creating stylish accents for your rooms. What's more, almost all of the fabrics in the collection are flame-retardant.

You can look forward to a whole host of new design options and enjoy an improved quality of life at work or at home.

Roman blinds

Perfect light conditions tailored to your preferences - at home or in the office. With the option to flexibly adjust their height, MHZ Roman blinds are easy to operate and offer a wide range of design possibilities.

Curtains

MHZ curtains bring a sophisticated cosiness to your home. They protect you from the sun and prying eyes, whilst making rooms extremely snug and homely.

Panel blinds

Whether for privacy protection, for shading or as a room partition or design element, MHZ panel blinds with adjustable panels offer plenty of creative leeway and blend in harmoniously with any interior design style.
