Combined with the innovative MHZ semicircular arch pleated blind, the result is a unique aesthetic statement that enhances the ambience of any room.

# Artistic and colourful

A contemporary take on traditional tapestry

Traditional French tapestries with their floral patterns were the inspiration for this colourful show-stopper. Our COLLETTE pattern loves being in the spotlight showing off its full presence and colourful splendour in sophisticated interiors. The filigree tendrils, blossoms and leaves artfully intertwine to create a

lavish floral cascade to brighten the atmosphere. Pick up one or two of the pleated blind colours in accent pieces. Not only can you enjoy fresh splashes of colour all year round, you can also give your living space a whole new look in just a few simple steps.
